

HOSPITAL PROGRAM 2020-2021

This year the hospital program will consist of Valentine's for Veterans, Women Veterans Health Care, National Salute to Veteran Patients Week, and Volunteer Recruitment.

Valentines' for Veterans:

Share the love we have for our veterans and service members this Valentine's Day by sending a store-bought or handmade valentine, hosting a party, recognition event or dinner in their honor. Fellow members, individuals and groups in your community can use their creativity to show compassion for our veterans and service members.

Women Veterans Health Care:

Women have served our nation for generations are the fastest growing group within the veteran population. Comprehensive health services are available and tailored to the unique needs of women veterans. Learn about the resources and health care services available and help them receive the benefits and series they deserve.

National Salute to Veterans Patients:

The week of February 14 is our opportunity to say "thank you" to an extra special group of men and women: the more than nine million veterans of the U.S. Armed Forces who are cared for in the Department of Veterans Affairs medical centers, outpatient clinics, domiciliary and nursing homes.

Volunteer Recruitment, Recognition and Support:

New volunteers are needed every day across the country. Volunteers offset millions of dollars in expenses in health care. They help create a friendly and caring atmosphere no matter where they volunteer.

Please go the National Web Site under resources and download the Hospital Program Guide. This guide is very informative and will help you and your auxiliary with your help under the hospital program.

Thank you for what you do for our veterans: Jennifer Morris Department
Chairman
