Hello Indiana!

Welcome to the 2020-2021 Mentoring for Leadership Program! Last year was so successful with our FISH philosophy and using the Building on the Auxiliary Foundation Book.

This year, our focus will be to CREATE mentors! Every Auxiliary should have at least one mentor. We just need to gently push those that have a servant's heart and positive attitude! Encouraging others to help is what this organization is all about.

We're also going to focus on R.O.C.K = Reliable, Outgoing, Constant Communicator, and Knowledgeable.

There are several tools to help you build mentoring programs in your Auxiliary and District.

Building on the Auxiliary Foundation Book:

Learning the Common Terms found within our Organization:

Be on the lookout for our Report Form in the August General Orders. It will be due on October 1, 2020, and again on April 1, 2021!

Thank you to all that Mentor!!
