

Hospital Information for August 2020

I hope by now your auxiliary has or is planning on paying your hospital obligation to the Department Treasurer.

I know during these times it is hard for all of us to be helping or visiting our veterans in the hospital or nursing homes. An idea is to maybe send cards or items to the facility and ask the staff at the facilities to please give items to their veterans.

Now would be the time to let our women veterans know of the variety of benefits and services that the VA provides for them. We need to spread the word to our women veterans this information: Here are some of the many great things offered through the VA, primary care, gender-specific primary care including cervical cancer, mental health, including depression, mood, anxiety disorders, inpatient and outpatient care at VA medical centers. There is so much more that the VA offers our women veterans.

Have you gone on the National Webpage under resources and downloaded the Hospital Program Guide book? Also did you know there are many volunteer certificates and volunteer pins that can be used or ordered under the hospital resources?

Let's not forget our veterans in the hospital and nursing homes during these times.

Do not forget if you are wanting to donate anything for the Stand Down please bring to school of instruction, also if your auxiliary would like to donate any item for the raffle table please bring to school of instruction.

The hospital report form is on the Department Web Page under hospital

Thank all of you for what you do for our veterans

Jennifer Morris,

Department of Indiana Hospital Chairman
