

Hello I am Kikki Collins. I will be your VFW Auxiliary Community Outreach Chairman! I am a veteran dependent and very eager to work with Veterans and their families to provide a community that everyone would like to live in. I have currently graduated from college, where I was the Vice President of Student Veterans Association (SVA). During my time as a member of SVA, I grew relationships with veterans and their families and learned to get involved with the transition of military life to civilian life. As an organization, we did a lot of community outreach and as I have transitioned to VFW Auxiliary, I have seen that VFW Auxiliary also takes part in community outreach. I am here to help raise awareness of the support and assistance that the VFW Auxiliary exhibits in the life of the community. Community outreach is a great way to lift the VFW Auxiliary's partnerships with others in the community.

We have an obligation to our community to give back and we are doing it! This program entails that each VFW Auxiliary reports the great things that each one of them are doing to give back, no matter how small (tutoring, soup kitchens, donating, volunteering, etc.) I would like to see reports full of activities that are done in our communities, this way as a team we can show what the VFW Auxiliary is all about.

This program is new to the VFW Auxiliary but has grasp parts of an old program. Please keep this in mind as we will all be working together to make this program practical. My report form for the VFW Auxiliary Community Outreach Program will be in next month's general orders, please be on the lookout!
