

**Hospital Program
October 2020**

Hello Auxiliary Hospital Chairman

I know it is still a challenge to do our hospital work for our veterans but hopefully soon things will change. Remember your first report form was due to me on October 1, 2020 please answer the best you can.

Fall Conference is coming up this month and I am asking for items for the Hospital Raffle table any item would be greatly appreciated. If all goes correctly I will have some Red of Friday shirts available for sale for \$18.00 will put the proceeds of these shirts into the raffle money.

I found some information you might want to know about: Every VA hospital within each state has a Hospital Notification Line point of contact within its Community Care division. Veterans need to be aware of the requirements to alert the VA within 72 hours of being seen at either an affiliated Urgent Care or Emergency Room in order to be eligible for Community Care coverage. Veterans who call the VA hospital front desk can request access to the 72 hour/Hospital Notification Line: For more information on this you can contact the Community Care Contact Center at 1-877-881-7618

**Just a little information to share
Thank all of you for what you do for our Veterans**

Jennifer Morris, Department of Indiana Hospital Chairman
